President and Members of the Nishiwaki Lions Club,

On behalf of the Renton Lions Club, I would like to thank the people of Nishiwaki and your Lions Club for 45 years of our Sister City affiliations. It is wonderful how this relationship has developed and grown over the years of bringing our two cities, and Lions Clubs, closer together. The friendships that we've made, and the memories that we share, are very valuable.

It is my hope that the Renton Lions and Nishiwaki Lions, and the citizens of our two communities, will continue to celebrate this special international bond for many decades to come. Although many miles separate us each day, our Nishiwaki family is always close to our hearts. We wish you good health and happiness, until we meet again.

Yours in Lionism,

Lion Lynn Peretti
